802.11ax (WiFi 6) QuickRoute Unified Pro Access Point

Quick Start Guide

NWA90AX | NWA70AX | NWA50AX | NWA40AX-AB | NWA30AX-AB | NWA22AX-AB | NWA220AX-6E | NWA210AX-6E

Version 1.00 Edition 1, 2/2023

Hardware Installation

1 Install the **Mounting Bracket** on the ceiling or wall using the screws and wall plugs (if needed) or the ceiling tile clips.

2 Align the slots on the back of the **Access Point** with the tabs on the mounting bracket and slide the Access Point down to secure it in place.

3 Connect the **Ethernet Cable** to the **Ethernet Port**.

4 Connect the other end of the Ethernet Cable to a PoE injector or switch.

5 Connect the **Console Cable** (optional) to the **Console Port** (optional).

6 Connect the other end of the Console Cable (optional) to a computer (optional).

7 Connect the **Power Cable** (optional) to the **Power Port** (optional).

8 Connect the other end of the Power Cable (optional) to a power outlet (optional).

9 Check the LEDs on the Access Point.

10 Configure the Access Point using the Nebula Control Center (NCC).

11 Install the Access Point in the desired location.

English

Nebula Registration with the App
