## **A WORKHORSE ON WHEELS**

*Un véhicule à toute épreuve*

*Un caballo de batalla sobre ruedas*

It's difficult to imagine any other type of vehicle that symbolizes America more than the pickup truck. Born over a century ago, the original rugged American pickup has been transformed through constant innovation into a state-of-the-art, modern luxury hauler.

*Il est difficile d'imaginer un véhicule plus représentatif de l'Amérique que la camionnette. Créée il y a plus d'un siècle, la robuste camionnette américaine est devenue au fil du temps un poids lourd moderne de luxe à la fine pointe de la technologie.*

*Es difícil imaginar un vehículo que represente el espíritu de Estados Unidos mejor que la camioneta. Nacida hace más de un siglo, la robusta camioneta americana original se ha transformado, gracias a un constante esfuerzo innovador, en un moderno y lujoso vehículo de transporte.*

MODEL TT / MODÈLE TT / MODELO TT

1917-1927

If the Model T put America on wheels, the Model TT put it to work. With its one-ton (0.9 metric ton) payload and plentiful third-party pickup-bed configurations, this versatile workhorse became a regular sight on US roads.

*Si le modèle T a mis l'Amérique sur des roues, le modèle TT l'a mise en route. Avec sa charge utile d'environ une tonne et ses nombreuses configurations de plateau de tiers fournisseurs, ce véhicule polyvalent devient monnaie courante sur les routes américaines.*

*Si el Modelo T les dio ruedas a los estadounidenses, el Modelo TT los puso a trabajar. Con una carga útil de 0,9 t y un amplio número de configuraciones para la caja de transporte disponibles a través de otros fabricantes, la versátil bestia motorizada llegó a convertirse en un elemento habitual en las carreteras de Estados Unidos.*

1917

1935

F-SERIES / SÉRIE F / SERIE F

1948-1952

The first-generation F-series marked Ford's new expanded truck strategy that offered a range of pickups in different sizes and with various hauling capabilities.

*La Série F de première génération marque un tournant important pour Ford, alors que l'entreprise diversifie sa gamme en proposant des camionnettes de différentes tailles et avec des capacités de transport variées.*

*La primera generación de la Serie F definió la nueva estrategia de Ford para sus camiones, que ampliaba su oferta con una gama de camionetas de diferentes tamaños y con diversas capacidades de carga.*

1948

1961

FORD MODEL 50 PICKUP / CAMIONNETTE FORD MODÈLE 50 / FORD MODELO 50 PICKUP

1935-1941

Powered by the legendary Ford flathead V-8 engine, more than four million of these sturdy pickups were produced between 1935 and 1941.

*Propulsée par le légendaire moteur V8 à tête plate de Ford, la robuste camionnette est produite à plus de quatre millions d'exemplaires entre 1935 et 1941.*

*Equipadas con el legendario motor Ford V8 de cabeza plana, se fabricaron más de cuatro millones de estas robustas camionetas entre 1935 y 1941.*

FOURTH GENERATION / QUATRIÈME GÉNÉRATION / CUARTA GENERACIÓN

1961-1966

With the slogan "Drives like a car, works like a truck," this was the first pickup to also be targeted at non-commercial truck users.

*Avec le slogan « Elle se conduit comme une voiture et est robuste comme un camion », c'est la première camionnette à être destinée aux utilisateurs de camions non commerciaux.*

*Publicitada con el eslogan "Se conduce como un auto, funciona como un camión", fue la primera camioneta dirigida también a los usuarios de camiones no comerciales.*

SIXTH GENERATION / SIXIÈME GÉNÉRATION / SEXTA GENERACIÓN

**1973-1979**

Continuing to make comfort a priority, this latest F-150 introduced a much-improved heating and air-conditioning system. To increase safety, the fuel tank was also moved out of the cab.

*Le confort étant toujours une priorité, ce nouveau modèle F-150 présente un système de chauffage et de climatisation des plus sophistiqués. Dans un souci d'accroître la sécurité, le réservoir de carburant est également déplacé hors de la cabine.*

*Todavía con el confort como máxima prioridad, este último modelo F-150 se equipó con un sistema de calefacción y aire acondicionado muy mejorado. Para aumentar la seguridad, el tanque de combustible se trasladó fuera de la cabina.*

**1973**

**1987**

TENTH GENERATION / DIXIÈME GÉNÉRATION / DÉCIMA GENERACIÓN

**1997-2003**

Focusing on personal use, the F-150 was given a dramatic re-design, including a new V6 engine and four full-size doors. Modern lines and new technology earned the F-150 an increase in sales and a Truck of the Year award.

*Dans l'optique de mettre l'accent sur l'usage personnel, la F-150 fait l'objet d'une transformation radicale qui propose entre autres un nouveau moteur V6 et quatre portes pleine grandeur. Les lignes modernes et les nouvelles technologies valent à la F-150 des ventes accrues et le prix de Camionnette de l'année.*

*Prestando más atención al uso personal, el modelo F-150 pasó por una espectacular reconcepción que dio lugar a la adopción de un nuevo motor V6 y cuatro puertas de tamaño completo. Las modernas líneas y mejoras tecnológicas provocaron un aumento de las ventas y le valieron el premio Truck of the Year a la camioneta.*

**1997**

**2009**

EIGHTH GENERATION / HUITIÈME GÉNÉRATION / OCTAVA GENERACIÓN

**1987-1991**

This generation went through many revised body panels and redesigns interior. Most importantly, this generation saw the introduction of electronic fuel injection engines making the F-150 more powerful and efficient.

*Cette génération subit de nombreux changements au niveau des panneaux de carrosserie et de la conception de l'intérieur. Mais surtout, cette génération voit l'arrivée des moteurs à injection électronique de carburant, qui rehaussent la puissance et l'efficacité de la F-150.*

*Para esta generación se revisaron muchos de los paneles de la carrocería y se rediseñó gran parte del interior. Sin embargo, la mayor novedad que trajo consigo fue la introducción de motores de inyección electrónica de combustible que incrementaron la potencia y eficiencia del modelo F-150.*

TWELFTH GENERATION / DOUZIÈME GÉNÉRATION / DUODÉCIMA GENERACIÓN

**2009-2014**

With 20 in. (50.8 cm) chrome wheels, leather upholstery and heated and ventilated seats, this generation of the F-150 offered a new level of luxury for customers.

*Avec ses roues chromées de 50,8 cm (20 po) et ses sièges chauffants et ventilés en cuir, cette génération de F-150 offre un nouveau niveau de luxe aux consommateurs.*

*Con rines cromados de 50,8 cm, tapicería de piel y asientos con calefacción y ventilación incorporadas, esta generación del modelo F-150 ofreció un nuevo nivel de lujo a los clientes.*

## **THE 3<sup>RD</sup> GENERATION FORD F-150 RAPTOR**

LA FORD F-150 RAPTOR 3<sup>e</sup> GÉNÉRATION  
TERCERA GENERACIÓN DE LA FORD F-150 RAPTOR

It's been a long journey from the first Model TT to the latest 2021 incarnation of the F-150 Raptor, but the spirit remains very much the same. Created by Ford Performance, the Raptor is a high-performance, street-legal truck and one of the most capable factory off-road vehicles. It combines the most powerful engine in the F-150 range with rugged off-road-ready suspension.

*La camionnette a fait beaucoup de chemin depuis le premier modèle TT jusqu'à la version 2021 de la F-150 Raptor, mais son esprit reste le même. Créée par Ford Performance, la Raptor est une camionnette haute performance conforme à la conduite sur route et l'un des véhicules construits en usine le plus parfaitement conçu pour le hors route. Elle allie le moteur le plus puissant de la gamme F-150 à une suspension robuste à capacité tout-terrain.*

*Ha pasado mucho tiempo entre el Modelo TT y su más reciente reencarnación en la F-150 Raptor de 2021, pero el espíritu de esta leyenda apenas ha cambiado. Creada por Ford Performance, la Raptor es un vehículo de alto rendimiento homologado para la conducción en carretera y uno de los autos todoterreno fabricados en serie más versátiles. Combina el motor más potente de la gama F-150 con una robusta suspensión apta para circular fuera de la carretera.*

“

**QUALITY MEANS DOING IT RIGHT WHEN NO ONE IS LOOKING"**

« La qualité, c'est de bien faire les choses quand personne ne regarde. »

"Calidad es hacerlo bien cuando nadie está mirando".

Henry Ford

## FROM THE DESIGN TEAM

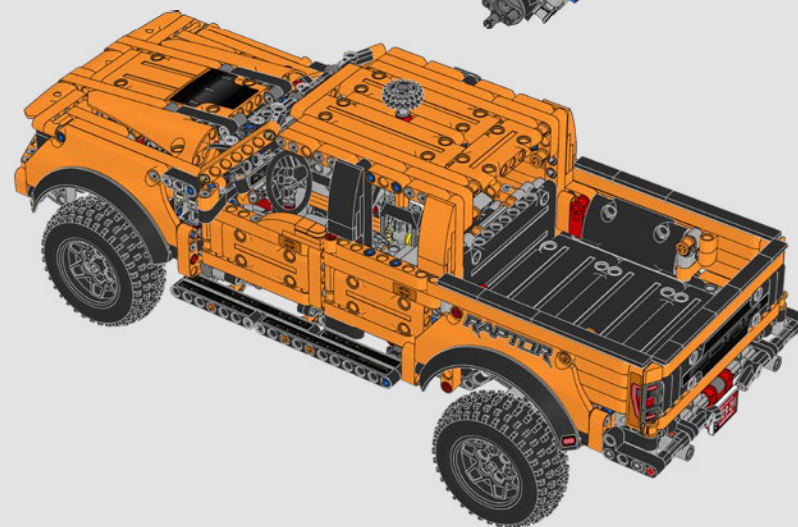

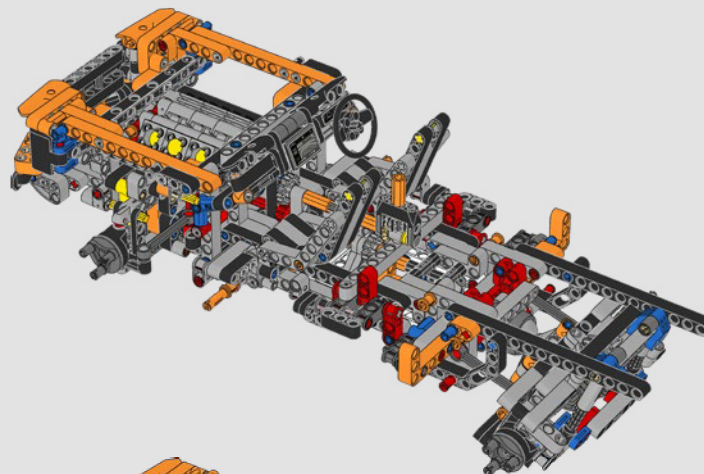

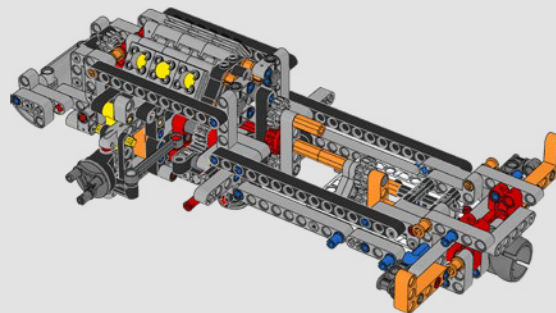

*Un mot de l'équipe de conception  
Impresiones del equipo de diseño*

The LEGO® Technic™ design team worked closely with the designers and engineers at Ford to ensure the Technic version of the F-150 Raptor would be as close to the real thing as possible. The biggest challenge for the team was to create a rear-axle configuration and suspension structure that would allow the rear wheels and wheel arches to perfectly align.

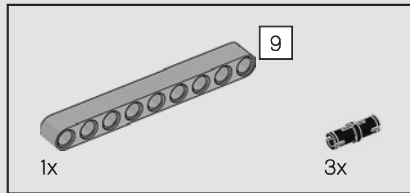

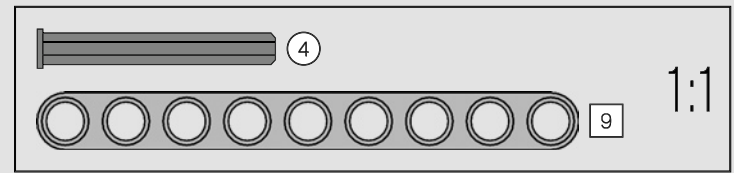

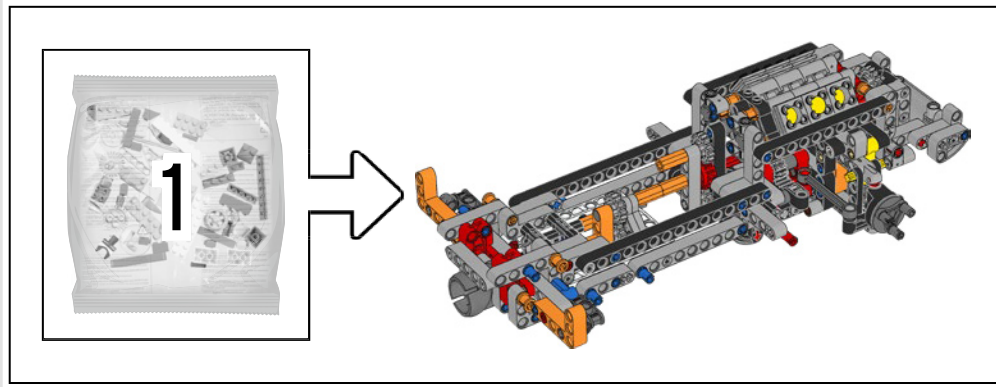

*L'équipe de conception de LEGO® Technic™ a travaillé en étroite collaboration avec les concepteurs et les ingénieurs de Ford pour assurer que la version Technic de la F-150 Raptor imite le plus fidèlement possible la vraie camionnette. Le plus grand défi a été de créer une configuration de l'essieu arrière et une structure de suspension qui permettraient aux roues arrière et aux passages de roues de s'aligner parfaitement.*

*El equipo de diseño de LEGO® Technic™ trabajó estrechamente con los diseñadores e ingenieros de Ford para garantizar que la versión Technic de la F-150 Raptor se pareciera tanto como fuera posible al vehículo real. El mayor desafío que tuvieron que superar fue configurar el eje trasero y la estructura de suspensión de tal modo que las ruedas y las salpicaderas traseras quedaran perfectamente alineadas.*
