The diagram illustrates the ZR006501 cordless stick vacuum cleaner and its maintenance procedures. The central image shows the vacuum in its upright position. Callouts point to various parts and steps:

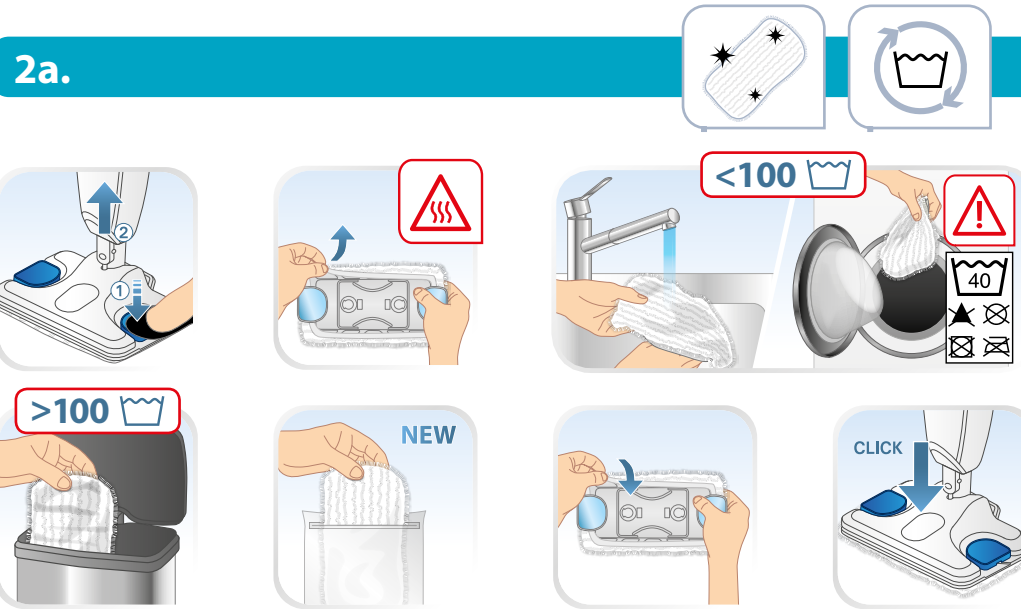

- Top Motor Unit:**
 - Three steps show the process of attaching the motor unit to the main tube, including aligning the motor and securing the connection.
 - Two diagrams show the power switch being turned on and the vacuum being held at an angle.
 - A diagram shows the power switch being turned off, with a 30-second timer icon indicating a rest period.
 - A diagram shows the power switch being turned on again, with a green checkmark indicating the vacuum is ready for use.
- Main Tube:**
 - A diagram shows the main tube being inserted into the motor unit.
 - A diagram shows the main tube being inserted into the base unit.
- Base Unit:**
 - A diagram shows the base unit being inserted into the main tube.
 - A diagram shows the base unit being inserted into the motor unit.
 - A diagram shows the base unit being inserted into the main tube, with a green checkmark indicating it is correctly seated.
- Roller and Brush Assembly:**
 - A diagram shows the roller and brush assembly being inserted into the base unit.
 - A diagram shows the roller and brush assembly being inserted into the base unit, with a green checkmark indicating it is correctly seated.
- Roller and Brush Assembly (Ref. ZR006501):**
 - A diagram shows the roller and brush assembly being inserted into the base unit.
 - A diagram shows the roller and brush assembly being inserted into the base unit, with a green checkmark indicating it is correctly seated.
