

GEFORCE® GTX GEFORCE® RTX

Installation Guide

Hardware Installation

(Installation du matériel • Instalación del Hardware • Hardwareinstallation • Instalação de hardware • Installazione dell'hardware • Установка оборудования • 硬體安裝 • 硬件安装)

- Turn off your computer, disconnect the power cord and remove any existing graphics card(s).
Éteignez l'ordinateur, débranchez la prise, dévissez le capot de votre boîtier et retirez la ou les carte(s) graphique de votre ordinateur.
Apague la computadora, desconecte el cable de energía y retire cualquier tarjeta gráfica(s) existente.
Schalten Sie Ihren Computer aus und ziehen Sie den Netzstecker aus der Steckdose. Öffnen Sie das PC-Gehäuse und entfernen Sie alle bereits verbauten Grafikkarten.
Desligue o computador, desconecte o cabo de alimentação e remova qualquer placa de vídeo existente.
Spegnere il computer, scollegare il cavo di alimentazione e rimuovere la scheda grafica o le schede grafiche presenti.
Выключите компьютер, отсоедините кабель питания и извлеките все имеющиеся видеокарты.

請將電腦電源關閉後拔除電源線，並一併移除原有顯卡。
请将电脑电源关闭后拔除电源线，并一併移除原有显卡。

Attention : It is very important that you wait until the graphics card has cooled down before taking the card out of the system.
Attention : il est très important d'attendre que votre carte graphique ait refroidi avant de la retirer.
Atención : Es muy importante que espere hasta que la tarjeta gráfica se haya enfriado antes de tomar la tarjeta del sistema.
Achtung : Warten Sie bitte, bis sich die Grafikkarte (n) abgekühlt hat (haben), bevor Sie sie aus dem Gehäuse entfernen.
Atenção : É muito importante aguardar até que a placa de vídeo tenha arrefecido antes de retirar a placa do sistema.
Attenzione : prima di rimuovere la scheda dal sistema, è molto importante attendere che la scheda grafica si sia raffreddata.
Внимание : Видеокарта может быть горячей. Перед тем как извлекать ее из компьютерной системы обязательно дождитесь ее охлаждения до безопасной температуры.

注意：請務必待顯卡降溫後再從系統中移除。
注意：请务必待显卡降温后再从系统中移除。

- Remove the slot covers that correspond to the PCIe slots you are installing the GeForce® graphics card in (if there was no existing graphics card).
Rimuovere i coperchi corrispondenti agli slot PCIe nei quali si sta installando la scheda grafica GeForce® (se non è già presente una scheda grafica).
Quite las cubiertas de las ranuras correspondientes a las ranuras PCIe donde va a instalar la tarjeta gráfica GeForce® (si no había ya ninguna tarjeta gráfica).
Entfernen Sie die Slotblenden an den PCIe-Steckplätzen, in denen Sie die GeForce®-Grafikkarte verbauen möchten (falls keine Grafikkarte vorhanden war).

Remove as capas dos slots correspondentes aos slots PCIe nos quais você está instalando a placa de vídeo GeForce® (se não houver placa gráfica existente).
Rimuovere le coperture degli slot corrispondenti agli slot PCIe nei quali si sta installando la scheda grafica GeForce® (se una scheda grafica non è già presente).
La tecnología NVLink™ est uniquement prise en charge par chaque spécification de processeur graphique.
選定將用以安裝GeForce®顯示卡的PCIe插槽，取下對應插槽的保護蓋。(如果是全新安裝)
选定將用以安裝GeForce®显卡的PCIe插槽，取下对应插槽的防护盖。(如果是全新安装)

- Install the GeForce® graphics card, as shown below. If this card is going into an SLI® configuration, follow the directions for the number of cards you will be installing.
Installez la carte graphique GeForce®, comme indiqué ci-dessous. Si cette carte est dans une configuration SLI®, suivez les instructions pour le nombre de cartes que vous allez installer.
Instale la tarjeta gráfica GeForce®, como se muestra a continuación. Si la tarjeta se va a instalar en una configuración SLI®, siga las instrucciones para el número de tarjetas que vaya a instalar.
Installieren Sie die GeForce®-Grafikkarte wie unten gezeigt. Wenn diese Karte in einer SLI®-Konfiguration verwendet werden soll, befolgen Sie die Anweisungen für die Anzahl der zu installierenden Karten.
Instale a placa de vídeo GeForce® conforme mostrado abaixo. Se esta placa é destinada à uma configuração SLI®, siga as instruções para a quantidade de placas que você irá instalar.
Installare la scheda grafica GeForce® come mostrato sotto. Se la scheda verrà usata in una configurazione SLI®, seguire le indicazioni per il numero di schede che verranno installate.
Установите видеокарту GeForce®, как показано ниже. Если она входит в конфигурацию SLI®, следуйте указаниям по количеству устанавливаемых графических карт.
開始安裝GeForce®顯示卡，若此卡將用於建立SLI®架構，請參照以下指示安裝您的多張顯示卡。
开始安装GeForce®显卡，若此卡将用于建立SLI®架构，请参照以下指示安装您的多张显卡。

Note : All of the graphics cards in an SLI® configuration must be identical.
Note : Toutes les cartes graphiques d'une configuration SLI® doivent être identiques.
Nota : Todas las tarjetas gráficas en una configuración SLI® deben ser idénticas.
Hinweis : Alle Grafikkarten einer SLI®-Konfiguration müssen gleich sein.

Nota : Todas as placas gráficas em uma configuração SLI® devem ser idênticas.
Nota : tutte le schede grafiche in una configurazione SLI® devono essere identiche.
Примечание : Все видеокарты, используемые в одной конфигурации SLI®, должны быть идентичными.
注意：在SLI®架構下的所有顯示卡需為同一規格。
注意：在SLI®架構下的所有显卡需為同一規格。

- Install your first GeForce® graphics card into the Primary PCIe x16 slot (the Primary slot is the one closest to the CPU).
Installez votre première carte graphique GeForce® dans le slot primaire PCIe x16 (le slot primaire est celui placé le plus près du processeur).
Instale su primera tarjeta gráfica GeForce® en la ranura PCIe primaria x16 (la ranura primaria es la más cercana al CPU).
Einzelkarte: Stecken Sie die GeForce®-Grafikkarte in den primären PCIe-x16-Steckplatz (der Primärsteckplatz ist der, der dem Hauptprozessor am nächsten ist).
Instale sua primeira placa de vídeo GeForce® no slot PCIe x16 principal (o slot principal é o mais próximo da CPU).
Installare la prima scheda grafica GeForce® nello slot PCIe x16 primario (lo slot primario è quello più vicino alla CPU).
Установите первую видеокарту GeForce® в первичный слот PCIe x16 (первичный слот – это ближайший к ЦП слот).
將您的GeForce® 顯示卡插入主要PCIe x16插槽 (主要插槽即為最靠近CPU的插槽)。
將您的GeForce® 显卡插入主要PCIe x16插槽 (主要插槽即為最靠近CPU的插槽)。

2-way SLI : Install your second GeForce® graphics card in the secondary PCIe x16 slot. Connect the two cards together using a 2-way SLI bridge.
NVLink™ technology is only supported by each GPU Specification.
2-Way SLI : installez votre deuxième carte graphique GeForce® dans le logement PCIe x16 secondaire. Connectez les deux cartes ensemble en utilisant un pont SLI à 2 voies.
La technologie NVLink™ est uniquement prise en charge par chaque spécification de processeur graphique.
2-way SLI : Instale su segunda tarjeta gráfica GeForce® en el segundo slot PCIe x16. Conecte las dos gráficas entre ellas utilizando un puente 2-way SLI.
La tecnología NVLink™ solo es compatible con cada especificación de GPU.
2-Wege SLI : Installieren Sie Ihre zweite GeForce®-Grafikkarte im sekundären PCIe x16-Steckplatz. Schließen Sie die beiden Karten mithilfe der 2-Way SLI-Brücke.
NVLink™-Technologie muss von den GPUs unterstützt werden.
SLI de 2 vías : Instale sua segunda placa de vídeo GeForce® no slot PCIe x16 secundário. Conecte as duas placas usando uma ponte SLI de 2 vias.
A tecnologia NVLink™ é suportada apenas por cada especificação de GPU.
SLI a 2 vie : Installare la seconda scheda grafica GeForce® nello slot PCIe x16 secondario. Collega le due schede utilizzando il connettore bridge SLI a 2 vie.
Controllare le specifiche della GPU per il supporto della tecnologia NVLink™.
Связка 2-way SLI : установите вторую видеокарту GeForce® во вторичный слот PCIe x16. Соедините две карты вместе с помощью моста, обеспечивающего их работу в режиме 2-way SLI.
Поддержка технологии NVLink™ осуществляется только на уровне спецификации каждого графического процессора (GPU).

- 2-way SLI : 將第二片GeForce® 顯示卡安裝至第二個PCIe x16插槽。請使用2-way SLI 橋接連接器連接兩個顯示卡。NVLink™技術支援依據不同GPU規格而定
2-way SLI : 將第二片GeForce® 顯示卡安裝至第二個PCIe x16插槽。請使用2-way SLI 橋接連接器連接兩個顯示卡。NVLink™技术支持依据不同GPU规格而定

- Connect system power to the GeForce® graphics card.
Branchez le connecteur d'alimentation à la carte graphique GeForce®.
Conecte el cable de fuente de energía del sistema a la tarjeta gráfica GeForce®.
Verbinden Sie die GeForce®-Grafikkarte(n) mit dem Netzteil.

Conecte a energia do sistema à placa de vídeo GeForce®.
Collegare l'alimentazione del sistema alla scheda grafica GeForce®.
Подключите питание от системы к видеокарте GeForce®.

將GeForce® 顯示卡接上系統電源。
將GeForce® 显卡接上系统电源。

GeForce® graphics cards require PCIe power plugs from the system power supply. Ensure that all pins are populated by using the proper 6 or 8 pin PCIe connector.

Les cartes graphiques GeForce® requièrent des prises d'alimentation PCIe de l'alimentation du système. Assurez-vous que toutes les broches sont remplies à l'aide du connecteur PCIe 6 ou 8 broches approprié.

Procedentes de la fuente de alimentación del equipo. Compruebe que todos los pines estén conectados utilizando el conector PCIe de 6 u 8 pines apropiado.

GeForce®-Grafikkarten benötigen einen PCIe-Stromstecker aus dem Systemnetzteil. Stellen Sie sicher, dass alle Pins mit dem richtigen 6- oder 8-poligen PCIe-Anschluss belegt sind.

As placas de vídeo GeForce® exigem conectores da fonte de alimentação de seu sistema. Assegure que todos os pinos estão preenchidos usando o conector PCIe 6 ou 8 pinos apropriado.

Per collegare le schede grafiche GeForce® all'alimentazione sono necessari connettori di alimentazione PCIe. Assicurarsi che tutti i pin siano collegati utilizzando il connettore PCIe a 6 o 8 pin più appropriato.

Графические карты GeForce® требуют наличия разъемов питания PCIe, подаваемого от блока питания системы. Используйте соответствующий 6- или 8-контактный разъем PCIe, так чтобы в месте соединения не оставалось свободных контактов.

GeForce®顯示卡需要連接系統電源供應器上的PCIe電源。請確保所有接口正確連接6或8 pin的PCIe電源接頭。

GeForce®显卡需要连接系统电源供应器上的PCIe电源。请确保所有接口正确连接6或8 pin的PCIe电源接头。

- Reinstall the covers on your computer and reconnect any previously removed display cables.
Réinstallez les capots sur votre ordinateur et reconnectez tous les câbles d'affichage retirés précédemment.
Vuelva a instalar las tapas de su gabinete y reconecte cualquier cable desconectado previamente.
Verbinden Sie die vorher getrennten Anschlüsse wieder und schließen Sie das PC-Gehäuse.
Reinstale as tampas do computador e reconecte os cabos removidos anteriormente.
Rimontare i coperchi del case del computer e ricollegare i cavi del display precedentemente scollegati.
Установите на свои места крышки и снова подсоедините все ранее отсоединенные кабели дисплея.

Driver Installation

(Installation des pilotes • Instalación del Controlador • Treiberinstallation • Instalação de Driver • Installazione del driver • Установка драйвера • 驅動程式安裝 • 驱动程序安装)

- With the hardware installed, it is now time to install the graphics driver.
- Power up your computer.
 - Download the driver file from www.evga.com/drivers. The setup program will take over and walk you through the driver installation process.
 - You may need to reboot your PC once the driver installation is complete.
- Maintenant que votre matériel est installé, il est temps de procéder à l'installation des pilotes de la carte graphique.
- Allumez votre ordinateur.
 - Téléchargez les pilotes sur www.evga.com/drivers. Le programme d'installation se chargera et vous guidera dans l'installation des pilotes.
 - Il se peut que vous deviez redémarrer votre PC une fois l'installation des pilotes terminée.
- Com o hardware instalado, agora é hora de instalar o driver de vídeo.
- Ligue o seu computador.
 - Faça o download do arquivo do driver em www.evga.com/drivers. O programa de configuração irá assumir e guiar você pelo processo de instalação do driver.
 - Você pode precisar reiniciar o seu PC quando a instalação do driver estiver completa.
- Dopo aver installato l'hardware, è necessario installare il driver grafico.
- Accendere il computer.
 - Scaricare il file del driver dal sito www.evga.com/drivers. Il programma di installazione vi guiderà attraverso il processo di installazione del driver.
 - Al termine dell'installazione del driver potrebbe essere necessario riavviare il PC.

- Con el hardware instalado, instale el controlador.
- Encienda su computadora.
 - Descargue el archivo del controlador de www.evga.com/drivers. El programa de instalación se hará cargo y le guiará a través del proceso de instalación del controlador.
 - Se recomienda que reinicie su computadora después de la instalación del controlador cuando se allá finalizado.
- Nach dem Einbau der Hardware werden nun die Grafiktreiber installiert.
- Schalten Sie Ihren Computer ein und starten Sie das Betriebssystem.
 - Laden Sie die Treiberdatei von www.evga.com/drivers herunter. Das Setup-Programm wird starten und Sie durch den Installationsprozess des Treibers führen.
 - Sie müssen möglicherweise Ihren PC neu starten, nachdem die Treiberinstallation abgeschlossen wurde.
- После завершения установки оборудования необходимо установить драйвер видеокарты.
- Включите компьютер.
 - Скачайте файл драйвера с сайта www.evga.com/drivers. Запустите программу установки, которая выполнит для вас весь процесс установки драйвера.
 - Возможно, после завершения установки драйвера, вам потребуется перезагрузить компьютер.
- 當硬體安裝完成後，接下來請開始安裝顯示卡驅動程式。
- 請啟動您的電腦。
 - 請造訪www.evga.com/drivers下載驅動程式檔。安裝程式將引導您完成安裝驅動程式的步驟。
 - 驅動程式安裝完成後，請重新啟動您的電腦。

- 当硬件安装完成后，接下来请开始安装显卡驱动程序。
- 请启动您的电脑。
 - 请从 www.evga.com/drivers 下载驱动程序文件。安装程序将会启动并执行驱动程序的安装进程。
 - 驱动程序安装完成后，请重新启动您的电脑。

Connecting to the Display

(Connecter l'écran • Conexión al Monitor • Monitoranschluss • Conectando-se ao monitor • Collegamento del display • Подключение к дисплею • 連結顯示器 • 连接显示器)

- Connect the display(s) to the graphics card.
Connectez l'écran ou les écrans à la carte graphique.
Conecte el/los monitor(es) a la tarjeta gráfica.
Schließen Sie den (die) Monitor(e) an die Grafikkarte(n) an.
Ligue o (s) monitor (es) à placa de vídeo.

Collegare il/i display alla scheda grafica.
Подключите к видеокарте дисплей(и).
連結顯示卡至單一或多個顯示器。
連結显卡至單一或多个显示器。

- Reconnect your power cord to the PC.
Rebranchez votre PC à la prise d'alimentation.
Vuelva a conectar el cable de energía a la PC.
Stecken Sie den Netzstecker in die Steckdose.
Reconnecte o cabo de alimentação ao PC.
- Ricollegare il cavo dell'alimentazione al PC.
Sнова подсоедините кабель питания к компьютеру.
將電源線重新接上電腦。
将电源线重新接上电脑。

Minimum System Requirements

(**Configuration minimale** • **Requisitos mínimos del sistema** • **Mindestsystemvoraussetzungen** • **Requisitos Mínimos do Sistema** • **Requisiti minimi di sistema**)

Motherboard : (**Carte mère** • **Placa Madre** • **Hauptplatine** • **Placa-mãe** • **Scheda madre** • **Системная плата** • **主機板** • **主板**)

PCle, PCIe 2.0, PCIe 3.0 or PCIe 4.0-compliant motherboard with one dual-width graphics slot. For an SLI® configuration, you need an NVIDIA NVLINK™[NVIDIA SLI®] motherboard.

Carte mère compatible PCIe, PCIe 2.0, PCIe 3.0 ou PCIe 4.0 avec un emplacement graphique double largeur. Pour une configuration SLI®, vous avez besoin d'une carte mère NVIDIA NVLink™[NVIDIA SLI®].

Placa Base compatible con PCIe, PCIe 2.0, PCIe 3.0 o PCIe 4.0 con una ranura de gráficos de doble ancho. Para una configuración SLI®, necesita NVIDIA NVLINK ™ [NVIDIA SLI®].

PCle, PCIe 2.0, PCIe 3.0 oder PCIe 4.0-kompatible Motherboard mit einem Grafiksteckplatz mit doppelter Breite. Für eine SLI®-Konfiguration benötigen Sie ein NVIDIA NVLINK ™ [NVIDIA SLI®] Motherboard.

Placa-mãe compatível com PCIe, PCIe 2.0, PCIe 3.0 ou PCIe 4.0 com um slot gráfico de largura dupla. Para uma configuração SLI®, você precisa de um NVIDIA NVLINK ™ [NVIDIA SLI®] para placa-mãe.

Scheda madre compatibile con PCIe, PCIe 2.0, PCIe 3.0 o PCIe 4.0 con uno slot grafico a doppia larghezza. Per una configurazione SLII® è necessaria una scheda madre NVIDIA NVLINK ™ [NVIDIA SLI®].

PCle, PCIe 2.0, PCIe 3.0 или PCIe 4.0–совместимая материнская плата с одним графическим слотом с двухсекционным краевым соединителем. Для конфигурации SLI® вам понадобится материнская плата NVIDIA NVLINK ™ [NVIDIA SLI®].

主機板需支援PCIe • PCIe2.0 • PCIe3.0或PCIe4.0 • 顯示卡將占用二插槽 • 如需執行SLI® 配置 • 您需要需要NVIDIA NVLINK™[NVIDIA SLI®]橋接器 •

主板需支援PCIe • PCIe2.0 • PCIe3.0或PCIe4.0 • 顯示卡將占用二插槽 • 如需執行SLI® 配置 • 您需要需要NVIDIA NVLINK™[NVIDIA SLI®]橋接器 •

必須滿足/超越每一張顯示卡的最低PCIe電源需求 • 各型號顯示卡之電源需求資訊 • 可以在產品的彩盒 • EVGA官方網站中獲得 • 請參考：https://www.evga.com/support/specs/

(**Alimentation du système** • **Sistema de alimentación** • **Systemstromversorgung** • **Fonte de alimentação do sistema** • **Alimentazione del sistema** • **Блок питания системы** • **系統電源供應** • **系统电源供应**)

Each VGA requires a power supply that meets or exceeds a minimum wattage and/or PCIe connectors. This information can be located on the outside of the retail box for this product or the EVGA website, which can be located here: https://www.evga.com/support/specs/

Chaque carte graphique nécessite une alimentation égale ou supérieure à une puissance électrique minimale et/ou des connecteurs PCIe. Ces renseignements peuvent être indiqués sur la boîte de ce produit ou sur le site Web d'EVGA, à l'adresse suivante : https://www.evga.com/support/specs/

Cada VGA requiere una fuente de alimentación que cumpla o supere una potencia mínima y / o conectores PCIe. Esta información se puede encontrar en la exterior de la caja de este producto o en la página web de EVGA, que se se puede encontrar aquí: https://www.evga.com/support/specs/

Jede Grafikkarte benötigt ein Netzteil, das die Mindestanforderungen an Stromverbrauch und/oder PCIe-Anschlüssen erfüllt oder übertrifft. Diese Informationen findet man auf der Umverpackung des Produktes oder dieser EVGA Website: https://www.evga.com/support/specs/

Cada PLACA DE VÍDEO requer uma fonte de alimentação que atenda ou exceda uma potência mínima e / o conectores PCIe. Essas informações podem ser localizadas na parte externa da caixa de venda deste produto ou no site da EVGA, que pode ser encontrado aqui: https://www.evga.com/support/specs/

Каждая графическая карта требует источника питания, который будет соответствовать или привывать минимальную необходимую мощность и/или будет оснащен разъемами PCIe. Эта информация находится на внешней стороне коробки данного продукта или на сайте EVGA по ссылке - https://www.evga.com/support/specs/

Ciascun cavo VGA richiede un'alimentazione che soddisfi o superi un valore minimo di wattaggio e/o connettori PCIe. I dati sono riportati sulla confezione del prodotto o sul sito di EVGA consultabile alla pagina: https://www.evga.com/support/specs/

必須滿足/超越每一張顯示卡的最低PCIe電源需求 • 各型號顯示卡之電源需求資訊 • 可以在產品的彩盒 • EVGA官方網站中獲得 • 請參考：https://www.evga.com/support/specs/

(**Cet emballage contient** • **Este paquete contiene** • **Verpackungsinhalt** • **Esta embalagem contém** • **Incluso in dotazione** • **Состав комплекта поставки** • **包裝內容** • **包装内容**)

The following equipment is included in the EVGA GeForce® graphics card box.
▪ Installation Guide
Inclus dans cette boîte :
▪ Guide d’installation
El siguiente equipo será incluido en la caja de EVGA GeForce®:
▪ Guía de instalación
Das folgende Zubehör ist in der Packung der EVGA GeForce®-Grafikkarte enthalten :
▪ Installationsanleitung
O equipamento a seguir está incluído na caixa da placa de vídeo EVGA GeForce®.
▪ Guia de instalação

I seguenti componenti sono inclusi nella confezione della scheda grafica EVGA GeForce®.
▪ Guida all'installazione
В комплект поставки видеокарты EVGA GeForce® входит следующее.
▪ Руководство по установке

EVGA GeForce® 顯示卡包裝中包含以下配件:
• 使用說明

EVGA GeForce® 显卡包装中包含以下配件:
• 使用说明

EVGA's LIMITED WARRANTY

The terms and conditions of EVGA's warranty described herein are in accordance with the guidelines set forth by the Australian Competition & Consumer Commission ("ACCC"), in addition to the applicable provisions under the Australian Consumer Law. This Warranty applied specifically to the Products sold within Australia and New Zealand territories. This limited warranty protects your EVGA hardware product against defects or hardware component failures that may occur during normal use while inside of the EVGA warranty period ("warranty"). Accessories sold separately are not covered by this warranty and if applicable may be covered by the warranty accompanying the accessory. This Warranty is for the original owner only and is non-transferable, non-assignable and is voided when the warranted Products are transferred to another party. A receipt or invoice for the purchase of the product will be required from an EVGA authorized reseller showing ownership of the product if warranty support is needed, unless purchased through the EVGA.com online store. This Limited Warranty shall remain valid for three (3) years from the date of purchase, and applicable for the EVGA hardware products purchased or obtained from authorized retailers or distributors in Australia and New Zealand ("Products"). To avoid any vagueness, the Warranty shall apply to the Products under ordinary usage. EVGA reserves the right to determine whether the Products were operated within the scope of ordinary usage.

Product Condition

This Limited Warranty is conditioned upon proper use of Product by the Purchaser.

This Limited Warranty does not cover :

- Defects or damage resulting from accident, misuse, abnormal use, abnormal conditions, improper storage, exposure to liquid, moisture, dampness, sand or dirt, neglect, or unusual physical, electrical or electromechanical stress.
- Scratches, dents, cosmetic or any physical damage(s) caused to the product.
- Equipment that has the serial number removed, defaced, damaged, altered or made illegible.
- Defects or damage resulting from "the use of a product in conjunction or connection with accessories, products, or secondary peripheral equipment not furnished or approved by EVGA CORPORATION.
- Defects or damage resulting from external causes such as collision with an object, fire, flooding, dirt, windstorms, lightning, earthquake, exposure to weather conditions, theft, blown fuses, or improper use of any electrical source.

Replacement and Refund

- EVGA CORPORATION reserves the right to check the validity of your warranty and your request for warranty service upon receiving the product.
 - Products sent in for RMA will be repaired and returned or replaced with a thoroughly tested recertified product.
 - EVGA Warranty begins from the date that the product was originally shipped from the EVGA warehouse.
 - For the original owner of the product with a valid invoice that can be verified from an approved reseller the warranty begins from the date of purchase on the invoice.
 - For products not purchased at EVGA.com, refund claims must be processed through the original vendor's return policy.
 - Replacements under EVGA's RMA Service will continue the original product's warranty based on the original warranty start date.
- Neither EVGA CORPORATION, nor your authorized EVGA CORPORATION product reseller are responsible for any of your confidential, proprietary or personal information contained in the product which you return to EVGA CORPORATION for any reason.

Shipping

- EVGA does not ship to PO Boxes.
 - EVGA will pay for return shipping on RMAs via EVGA's choice of courier and shipping method.
 - Damaged boxes, or products received in shipping envelopes will be immediately rejected and returned to sender.
 - If your product is shipped to you and the address is invalid upon delivery, you are responsible for a redirect or re-ship fee which will vary depending on your region. You must contact EVGA prior to shipment for assistance to avoid this charge. EVGA is not responsible for packages delivered to an outdated address.
 - If the product is returned to EVGA you will be responsible to pay for additional shipping charges. EVGA encourages you to check your shipping address prior to submitting any RMA request.
- EVGA recommends shipping via UPS or FedEx, and to always purchase insurance to protect your investment.

All RMA replacements will state "Warranty Replacement" on the package to assist in avoiding any taxes, duties and/or brokerage fees through customs or otherwise. EVGA is not responsible for any fees charged by the destination country's government body, brokers or other third party.

What must you do to obtain warranty services?

To obtain service under this Limited Warranty, the purchaser must contact EVGA and receive a Return Merchandise Authorization (RMA) number prior to returning the product to EVGA CORPORATION. Please contact EVGA Technical support at 1-888-881-3842 option 1 or contact us by email at Support@evga.com.

What are the limits on EVGA CORPORATION's liability?

THIS LIMITED WARRANTY SETS OUT THE FULL EXTENT OF EVGA CORPORATION'S RESPONSIBILITIES, AND THE EXCLUSIVE REMEDY REGARDING THE PRODUCTS. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. IN NO EVENT SHALL EVGA CORPORATION BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT OR FOR, WITHOUT LIMITATION, COMMERCIAL LOSS OF ANY SORT; LOSS OF USE, TIME, DATA, REPUTATION, OPPORTUNITY, GOODWILL, PROFITS OR SAVINGS; INCONVENIENCE; INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES; OR DAMAGES ARISING FROM THE USE OR INABILITY TO USE THE PRODUCT. SOME JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, OR THE DISCLAIMER OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND DISCLAIMERS MAY NOT APPLY TO YOU.

Nothing in the Product instructions or information shall be construed to create an express warranty of any kind with respect to the Products. No agent, employee, dealer, representative or reseller is authorized to modify or extend this Limited Warranty or to make binding representations or claims, whether in advertising, presentations or otherwise, on behalf of EVGA CORPORATION.

Severability

If any portion of this Limited Warranty is held to be illegal or unenforceable, such partial illegality or unenforceability shall not affect the enforceability of the remainder of the Limited Warranty.

HDMI[®] HIGH-DEFINITION MULTIMEDIA INTERFACE The terms HDMI and HDMI High-Definition Multimedia Interface, and the HDMI logo are trademarks or registered trademarks of HDMI Licensing LLC in the United States and other countries.

EVGA顯卡質量保證卡

亲爱的用戶: 首先感谢您选用EVGA的显卡产品 • 为了使我们的服务让您更满意 • 在购买后请您认真阅读此说明书并妥善保存此质量保证卡 •

说明部分:

一、如果您购买的产品出现任何问题 • 请把产品送回您的经销商进行售后服务处理 •

二、EVGA显卡保修条款

出现以下情况 • 将无法提供“三包”服务:

- 无故障的显卡 •
- 超出质保期的显卡 •
- 由于使用不当 • 出现诸如显卡组件插件缺少、PCB板变形、线路严重划伤、氧化锈蚀、主要器件烧毁等物理损伤的显卡 •
- 无产品“条形码”或者“条形码”被涂改、删除、丢失、移动或无法辨别为EVGA显卡 •
- 由于人为疏忽或错误使用或因不可抗拒的外力造成损坏的显卡 •
 - 如:浸水、火灾、雷击及其他机械破坏等导致的显卡损坏;未按说明书规定使用而造成显卡损坏等 •
- 由于您在将故障件送修的过程中因包装货物运输操作不当造成损坏的显卡 •
- 由于您或第三方私自试图尝试拆装或更换组件器件(如散热片等)而造成无法复原的显卡 •
 - 注: 1.未尽事宜见国家“三包规定” • 2.本公司保留对于EVGA显卡故障原因进行鉴别权利以及对上述条款的最终解释权 •

SJ/T 11364-2006 有毒有害物质名称及含量标示一览表

部件名称	有毒有害物质或元素					
	铅 (Pb)	镉 (Cd)	汞 (Hg)	六价铬 (Cr6+)	多溴联苯 (PBB)	多溴联苯醚 (PBDE)
DVI Adapter	X	○	○	○	○	○
热 管	X	○	○	○	○	○
凸台/铜块	X	○	○	○	○	○

○: 代表该有毒有害物质在该部件所有均质材料中的含量均在SJ/T11363-2006规定的限量要求以下 •

X: 代表该有毒有害物质至少在该部件的某一均质材料中的含量超出SJ/T11363-2006规定的限量要求 •

技术说明 : 上述部件含铅量超出SJ/T11363-2006标准规定的限量要求 • 但都符合欧盟RoHS修正指令(2011/65/EU)

允收标准 :

(1) DVI Adaptor : 钢铁接头含铅量符合欧盟RoHS修正指令(2011/65/EU)排外条款6(a)允收标准 •

(2) 热管 : 以铜合金为主要成份 • 其含铅量符合欧盟RoHS修正指令(2011/65/EU)排外条款6(c)允收标准 •

(3) 凸台 / 铜块 : 以铝合金或铜合金为主要成份 • 其含铅量符合欧盟RoHS修正指令(2011/65/EU)排外条款6(b)与6(c)允收标准 •
