

Before clicking on the “accept and continue” button to commence downloading the software (“Software”) or documentation (“Documentation”), you should carefully read the terms and conditions of this license agreement (“Agreement”). By clicking on the “accept and continue” button you are agreeing to be legally bound by the terms and conditions of this Agreement and agree to become a licensee. If you do not agree to all of the terms and conditions of this Agreement you should click on the “cancel” button and not download or use the Software and/or Documentation.

When you accept the terms and conditions of this Licence Agreement, Kyocera Document Solutions Europe BV (“Licensor”) shall immediately grant you (the “Licensee” meaning either an individual or a single entity) a limited, non-exclusive, non-transferrable licence to use the Software and/or the Documentation on the terms of the Agreement.

SOFTWARE

1 Use of Software

1.1 Licensor grants Licensee a license to use one copy of the Software on one or more computers connected to an original “KYOCERA” printer, copier or multifunctional device. Use means any permanent or temporary use of the Software and includes the storing, loading, installing, executing or displaying of the Software or the processing of any data contained therein. The Software may not be used on any other hardware unless such use is granted by a separate license agreement.

2 Intellectual Property Rights

2.1 All ownership and intellectual property rights in the Software and any derivative work(s) shall remain exclusively with the Licensor and/or its licensors. Licensee acknowledges such ownership rights and will not take any action to jeopardise, limit or interfere in any manner with Licensor’s rights with respect to the Software. Furthermore, Licensee may not remove or alter any trademark, logo, copyright or other proprietary notices, legends, symbols or labels in the Software without the prior written permission of Licensor. Any unauthorized deviation from this condition will result in automatic termination of the Agreement. Licensor reserves the right to take legal action for breach of this condition.

3 Rights to copy Software

3.1 Licensee may only copy the Software where this is essential to usage. This includes the installation and loading of the Software into the temporary memory (i.e. RAM).

3.2 Licensee may make and store one back-up copy if this is necessary for securing later use. The copy must be marked as such. If the Software is used in the course of business and if routine back-up copies of all data including the Software are made for the purposes of securing data and ensuring that the computer system can be reactivated quickly after a breakdown, only so many back-up copies may be made as are absolutely essential. They may be used for archival purposes only.

3.3 Licensee may not make any further copies.

3.4 Licensee may not decompile the Software except and only to the extent that such activity is expressly permitted by law. Licensee may not alter any brand names, serial numbers or other characteristics identifying the Software or any other legal information.

4 Transfer of Software

4.1 The license will automatically terminate upon any transfer of the Software to a third party. The transferee will be regarded as a Licensee in the meaning of this contract.

4.2 The Software may only be transferred if the transferee accepts the terms and conditions of this Agreement. Licensee is obliged to inform the transferee of these terms and conditions. If Licensee does not have a copy of this Agreement, he may obtain a new one from Licensor at his own expenses.

- 4.3 Upon transfer Licensee must immediately destroy any copies of the Software or parts thereof including any changed or modified copies or parts thereof. This also applies to any back-up copies.
- 4.4 Licensee may not rent, lease or subdivide any rights granted by this license or transfer or grant sublicenses unless explicitly allowed in the Agreement.

5 Limited Warranty

- 5.1 Subject to the limitations and exclusions of liability below, the Licensor warrants that the Software will materially conform with any documentation that accompanies it and with any written descriptions provided by the Licensor.
- 5.2 Subject to sub-Clause 5.1, the Software is provided «as is» without any warranty of any kind, whether express or implied, including but not limited to the implied warranties of merchantability, fitness for a particular purpose, title and non-infringement.
- 5.3 The Licensor does not warrant that the Software will be error-free or that such errors will be corrected and the Licensee is solely responsible for all costs and expenses associated with the rectification, repair or damage caused by such errors.
- 5.4 The Licensor shall not be liable if the Software fails to operate in accordance with the limited warranty set out in sub-Clause 5.1 as a result of any modification, variation or addition to the Software not performed by the Licensor or caused by any abuse, corruption or incorrect use of the Software, including use of the Software with equipment or other software which is incompatible.

6 Obligations to examine and to notify

- 6.1 Licensee is obliged to examine the Software for any evident faults. An evident fault means a fault obvious to the average Licensee. Unless Licensor is notified of such faults within 14 days of downloading the Software, the warranty will expire.
- 6.2 Licensor has to be informed of any other fault within fourteen days of its discovery.
- 6.3 This license does not affect any further obligations of Licensee normally owed in the course of business.
- 6.4 If this obligation is violated, Licensee will be deemed to have accepted the Software as faultless.
