A Motoring Icon

The pickup truck is an iconic piece of motoring history. With its open back or "bed" it allowed goods to be loaded and hauled faster and further than ever before, becoming the tough, versatile workhorse for a whole generation. This particular LEGO® model is inspired by the vintage pickup trucks of the 1950s and includes the seasonal produce of a typical small, local farm.

Pierre Normandin
LEGO® Designer

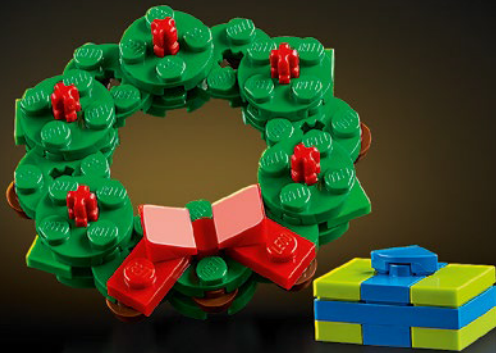

From the Design Team

The LEGO® design team spent hours studying the iconic pickup trucks of the period and just as long again trying to capture the iconic form and features of this type of vehicle. *"The rounded shape was a particular challenge to recreate with LEGO elements, while the model also had to include a stepside bed, tailgate and removeable wooden side rails to make it as authentic as possible."*

The Four Seasons

The truck in this set belongs to a farm, so the accessories represent products you would find in a farmer's market across all four seasons. For spring, there is a wheelbarrow with flowers and a watering can. For summer, there are 2 wooden baskets with tomatoes and carrots, and a milk pail. For autumn, there is a crate with small pumpkins and a sign. And for winter, there is a wreath and a wrapped gift.
