CANADA - INDUSTRY CANADA (IC) STATEMENT This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device must not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. FCC NOTICE This equipment complies with the limits of a Class B digital device, pursuant to part 15 of the FCC Rules. Cet appareil est conforme à la norme CNR d'industrie Canada applicable aux appareils radio exempts de licence. Son utilisation est soumise aux deux conditions suivantes: (1) cet appareil ne doit pas causer d'interférence et (2) cet appareil doit accepter toute interférence, y compris les interférences radio ou de télévision, qui pourraient causer un dysfonctionnement indésirable du produit. These limits are designed to provide reasonable protection against radio and TV interference in residential areas. However, even during normal operation, this equipment may cause harmful interference. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try one or more of the following corrective measures: • Reposition the receiving antenna. • Increase the distance between the equipment and the receiver. • Connect the equipment into an outlet on a circuit different from the one to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help.
