MSI Warranty Procedures and Conditions

This is only valid for Australia.

The terms and conditions of MSI's warranty described herein adhere to the guidelines set forth by the Australian Competition & Consumer Commission ("ACCC"), in addition to the specific provisions under the Australian Consumer Law ("ACL"). Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality for a major failure.

(1) Determination of the warranty period: The warranty period starts from the date you purchase the product with valid invoice. If the date of the warranty period is a holiday or the day of purchase is the day of the warranty period.

(2) Customer-Initiated Defect (CID): If the problem or symptom is not diagnosed with improper usage defined as Customer-Initiated Defect (CID), shall not be accounted in warranty claim of the product. MSI reserves the right to determine whether the products are operated within the scope of proper usage.

(3) Limited Warranty: The software not provided is not covered under the Product's warranty. MSI assumes no responsibility for the software not provided by the customer used and any possible consequential damage or damage.

(4) Screen the problems by self-checking: Please first review the User's Manual and contents of the Software CD included with the Product. The User's Manual and Software CD provided by MSI contain a lot of information about product use. The manual will compose from user's perspective can answer many of your questions. If you still have any problem, you may contact the manual you need from the MSI website. MSI website for Australia: www.msi.com.au

(5) Seek support from the original source of purchase: If you cannot seek any solution for the problem at the above methods, you may seek support from the original source of purchase, because the original date of purchase should not less than your system configuration and specifications, and can provide you with any necessary resource and advice.

(6) Bring the Product to the original source of purchase: If your product has been determined by the MSI engineer or store as problematic or defective in hardware, and have your need for repair, you may bring your product to request for repair/replacement to the original date of purchase to send the product or replacement to your request or support from the original source of purchase.

(7) Warranty receipt: The valid receipt of your purchase should be provided for the warranty service.

(8) Contact: Please first review the User's Manual and contents of the Software CD included with the Product. The User's Manual and Software CD provided by MSI contain a lot of information about product use. The manual will compose from user's perspective can answer many of your questions. If you still have any problem, you may contact the manual you need from the MSI website. MSI website for Australia: www.msi.com.au
